

TRUNK SUPPORT

SUPPORT

The trunk mounting brackets are made of high-strength materials, especially suitable for quick installation.

No drilling is required. With the bracket, you can mount your antenna anywhere in the trunk.

With its articulated base, it allows installation in places where the trunk is inclined.

Partnumber	Model	Hole
506221	SPMI-A/E in stainless steel	16/19 mm
506248	SPMPE-A/E black epoxy	16/19 mm
