

MICROPHONE SUPPORT

MAGNETIC SUPPORT

The magnetic radio communication microphone holder was developed to provide practicality and safety when communicating.

Through a robust and innovative design, the support has a magnetic base that allows the operator to remove the microphone and return it to the base safely, practically and effectively, avoiding risks during its use.

Partnumber	Model
506660	Magnetic microphone stand

MECHANICAL SPECIFICATION	
Length	52 mm
Height	10 mm
Weight	0,056Kg
Basic material	Polycarbonate / carbon steel

PACKAGE CONTENTS	
Magnetic base	01
Microphone adapter	01
Self-tapping screws	02
2mm allen key	01
Double-sided adhesive	01
